

If You Want to Volunteer...

Prax(us) is a Denver-based anti-human trafficking organization. We work with youth in labor and sexual exploitation situations. Prax(us) addresses the root causes of human trafficking; including labor exploitation, immigration policies, prostitution policies, sexism, racism, and homophobia, while also providing direct services to youth and community-led prevention work. We conduct harm-reduction based street outreach, provide basic needs services and referrals, raise community awareness about human trafficking, and have a community organizing program. Our vision for our work is a state where no human being is exploited.

There are some specific areas where volunteers would be especially helpful. Please check out the list of volunteer activities below. If you are not interested in anything on this list, please let us know what you are interested in and we'll see if Prax(us) has the capacity to facilitate other activities. But, always feel free to contact us and find out. The best contact person is:

Dara Burwell
Operations Organizer

Volunteer Activities

Community & Faith Outreach

Prax(us) is a community-based organization. As such, we are committed to both educating people in the community about domestic human trafficking, and garnering people's ongoing investment and support (financial support, donations of supplies, etc.). This is an excellent way to do community education work, while also promoting active community involvement.

Prax(us) Fundraising Committee

We are always looking for help to raise funding and expand Prax(us) programs. If you are interested in helping out with anything from grant writing, to house parties, to events, we welcome your participation!

Tabling and Community Events

Prax(us) does outreach at community events such as PrideFest, the Boulder Creek Festival, and others. We always need volunteers to help us staff tables, and talk to people about domestic human trafficking, and the work of Prax(us).

Marketing Help

We could use help with increasing public awareness about the work that Prax(us) does. This could include marketing, branding, and media work. If you have skills in these areas, let us know!

Newsletter Help

We would like to send out a Prax(us) newsletter every few months. We would love your help developing this.
